

CLASS OF 2016 ACADEMIC RESULTS

From the Acting Headmaster, Mr Duncan Warlters

Congratulations to the 2016 Aquinas College graduates and their teachers on their academic results.

This is the first year the Tertiary Institutions Service Centre (TISC) have provided the median ATAR information for schools for inclusion in the Year 12 Student Achievement Data.

Sixty-four Aquinas College students successfully completed their Australian Qualification Framework Certificates. These students studied 90 certificates with 100% completion. In 2016 the median ATAR was 83.4 with 47 Aquinas College students achieving 90.00 or greater whilst 30 students successfully completed a Certificate IV.

The Class of 2016 made additional contributions to College life through leadership, spirituality, service, arts, sport and social justice. We wish all students much success in the future and once again thank them and their families for their contribution.
