

CLASS OF 2017 ACADEMIC RESULTS

From the Headmaster, Mr David McFadden

I acknowledge the 2017 Aquinas College graduates and their teachers on their academic results.

In 2017, the median ATAR was 80.85 with 29 Aquinas College students achieving 90.00 or greater whilst 26 students successfully completed a Certificate IV.

There were some excellent results from our Year 12 boarding student population. The boarding median ATAR was 86.3, which is the highest we have achieved over the past six years. This includes five students who achieved an ATAR score above 90.

We wish all students much success in the future and once again thank them and their families for their contribution.
