Jiah Reidy ('16)
MADALAH Scholarship Recipient,
BSc student UWA
and Swan Districts footballer.

The Aquinas College Scholarship Program is one which sits at the heart of the College, as a school for boys in the Edmund Rice Tradition.

Over the years many talented and motivated young men with a lifelong thirst for learning have passed through the Aquinas College Scholarship Program, forever altering the course of their lives, students like Jiah Reidy ('16), Jonas Aranda ('13) and Sam Shales ('04).

A scholarship is more than money for school fees - it is a gift for the future of young people like Jiah, Jonas and Sam and the communities they live in.

“Opportunity to me is a chance at a better future ... a second chance, where you get to wipe the board clean and choose your own destiny.” Jiah Reidy ('16)

In the spirit of our 125th anniversary, we invite you to join us in making a life-changing contribution to the Aquinas College Scholarship Program, by contributing \$12.50, \$125, \$1,250 or any amount you are comfortable with.

All donations to the Scholarship Fund are allowable tax deductions and will be used to grant educational opportunities to more young men like Jiah, Jonas and Sam who would not otherwise have access to a quality education.

We are fortunate at Aquinas to have a community that is engaged and committed to educating our boys to be the best they can be for others, and we thank you for your continued support.

Yours sincerely

David McFadden
Headmaster

“To me, opportunity is the chance to grow and develop as a person. Being granted an opportunity (like an Aquinas Scholarship) does not automatically grant you success; you have to be able to make the sacrifices that the majority aren’t willing to do, so that opportunities can be nourished to make a real difference in not only your own life, but in the lives of others.”

Jonas Aranda ('13)
Terry Bourke Family Scholarship,
AB Physics Harvard University.

“To me, the opportunity to have an Aquinas education enabled me to achieve my medical qualifications. There is no way I thought I would end up being a surgeon, but Aquinas gave me the tools and the moral values to strive and succeed in the real world.”

Sam Shales ('04)
OAA Scholarship Recipient
and Surgeon.
